## KALAMAZOO SAVED!

This town has needed a forum for new, original rock music for as long as my father can remember... & that goes back to before W.W. II. Well, the war is over. Some boys & girls have gotten together to form Run- Quik Productions to provide local & regional bands with an opportunity to play in our fair valley.

Big Daddy's Bar & Grill at 1336 Ravine Rd. (off Douglas Ave.) will host a series of concerts starting this Sunday, May 13, at 8:00 sharp.

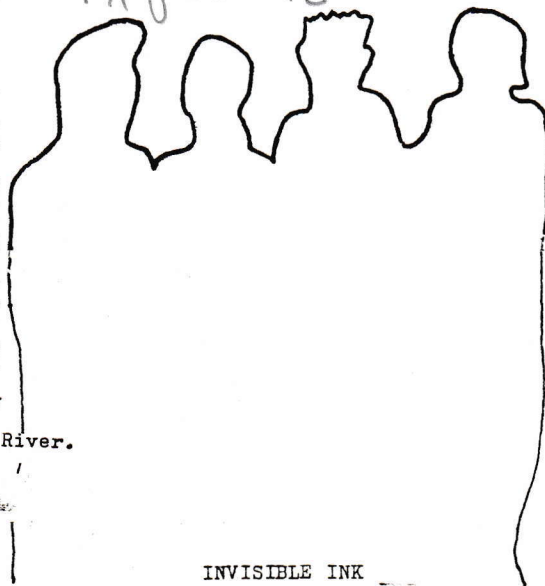

Featuring a large stage & dance floor, good sound system & lights, this is a great opportunity for adults to meet adults while hearing new sounds that otherwise spinless bars would not give you a chance to hear.

Future bands scheduled to appear include Violent Apathy, Dialects, The Zoolus, T- Snakes, Alcoholic Sacrifice, Holy Terror, Public Service Band, & Van Halen.

Please support this effort with you're presence. This is a wide variety of original rock & roll entertainment that deserves to be heard & enjoyed. With you're enthusiasm & cooperation this can be an exciting & happening Spring & Summer in the Zoo. Without it- it will just be more radio la la.

For further info please contact Run- Quik Productions at 388-3915.

Appearing this Sunday!!

SCOOTER

SCOOTER &amp; THE WORMS?

Only known photo of BLIGHT found in empty quart bottle of Busch floating in Grand River.

BLIGHT

Kind of a quiet legend around here, these guys met at seminary school and decided that making records was more fun than drinking that weird shit the monks tried to pass off as wine. Sure, the wafers weren't bad, but then rocknroll has a way of obscuring the ambulatory. Yeah, okay, so ya got Mike Achtenburg (former Meatman) on bass, Pat Clarke (former T.H.D.) on drums, Steve Miller (former Fix) on guitar, and Guido Salvotini (former nobody) on vocals. They have one ep out with the original singer, some cat named Tesco, but Guido adds a whole new, cool demension. Darker, more psychotic, kinda like the difference between church and state. Originally from Lansing, these cats are a cross between Dirge Vanilla and the apokolips. Personal fave toons: 'Seven Winds Over the Gobi Desert' and 'Thank You.' What the heck, I like these guys. And they don't sound like dolphins! Swim out.

INVISIBLE INK

Pop, ska, wave- rock band from Grand Rapids. Have been together for 2 years & have a cassette release out called "Best Kept Secrets". Expect an E.P. this summer. One of 5 runner- ups in WGRD- Rickenbacher talent search.

The music is sharp & clear & with well placed horns makes it very dance oriented. This will be thier first Kalamazoo appearance. They will be performing June 2 at the '84 Grand Rapids Fest.

Be there & Be Bop!

SCOOTER &amp; THE WORMS

Scooter & the Worms (Michael Gunderson, guitar; Ralph Gallagher, bass; S. Bennett, drums; Klop, vocals) are a Kazoo-based band and have been together 2 1/2 years. Specializing in dance-oriented speed-pop (i.e. rocknroll) they also know how to funk-up and acid-out, as tunes like 'Blood Beat' and 'Caravan' will attest. They have 2 eps out; one, a 7 song called 'Strap-On Chili Dog,' and their newest 'Nice Nights,' which includes their hit (top ten in Wisconsin!) 'Nice Night.' The thing about these guys is that they're so damn goofy. I mean, their between song patter is full of dumb jokes, medicine ball fights, and cigarette injection. They write songs that sound like the Archies Meet Dracula. And the singer wears a dress. Actually its a Girl Scout uniform, but what the hell, how you gonna keep em down on the farm? These guys are crazy and know it. You will to.
